MURSALEEN ISMAIL

Frontend Developer

To leverage my expertise in frontend development, particularly in React.js, to contribute to the creation of dynamic and user-friendly web applications. By utilizing my strong understanding of React principles and best practices, along with proficiency in HTML, CSS, and JavaScript, I aim to collaborate with cross-functional teams to deliver high-quality, responsive, and intuitive user interfaces. My objective is to continuously enhance my skills, stay updated with emerging technologies, and strive for excellence in crafting seamless digital experiences that meet both user needs and business objectives.

Experience

Frontend Developer

ALGOACE JUNE 2023 - PRESENT

- Collaborate with UX/UI designers to translate designs into responsive web interfaces.
- Develop reusable and modular components using React.js library.
- Implement state management solutions such as Redux for managing application data.
- Integrate RESTful APIs to fetch and update data within the application.
- Optimize application performance by minimizing render times and reducing bundle sizes.
- Ensure cross-browser compatibility and responsiveness of the application across various devices.
- Write clean, maintainable, and well-documented code following best practices and coding standards.

Inventory Manager

SFZ ENTERPRISES MARCH 2017 – SEP 2022

- Devising ways to optimize inventory control procedures.
- Inspecting the levels of business supplies and raw material to identify shortages.
- Record daily deliveries and shipments to reconcile inventory.
- Use software Gentec to monitor demand and document characteristics of inventory.
- Place orders to replenish stock avoiding insufficiencies or excessive surplus.
- Collaborate with warehouse employees and other staff to ensure business goals are met.

Store In-charge

SFZ ENTERPRISES JAN 2016 – FEB 2017

- Coordinates activities of workers concerned with ordering, receiving, storing, inventorying, issuing, and shipping materials, supplies, tools, equipment, and parts, in stockroom and warehouse.

- Create Graphics, info graphics ,edit photos, and create the content required to meet marketing objectives.
- WORKS on multiple projects simultaneously.
- Understanding Marketing initiatives ,positioning, and target audience.
- Resolve customer complaints, guide them and provide relevant information

SKILLS

- Web Developer / Web Designer.
- Knowledge of API's Integration.
- Java Script.
- TypeScript
- Proficiency in Html/CSS.
- Responsive Design.
- State Management (Redux Toolkit).
- Problem solving skills.
- User Experience (UX Design).
- Performance Optimization.
- Debugging / Testing
- UI / UX prototyping.
- Continuous learning
- Version Control Git
- Lifecycle Methods
- React Hooks
- REST API Integration
- Error Handling

KNOWLEDGE

- React Component Development
- State Management (Redux)
- JSX Markup Interpretation
- React Router Navigation
- Lifecycle Methods Utilization
- Hooks Implementation Mastery
- Virtual DOM Understanding
- Responsive UI Design
- Styled Components Integration
- Error Handling Strategies
- API Integration Handling
- React Performance Optimization
- Debugging Proficiency

DIGITAL SKILLS

Component-based architecture | State management | Virtual DOM | JSX syntax | Lifecycle methods | Hooks usage | Redux integration | React Router Responsive design | Cross-browser compatibility | Debugging skills | Performance optimization | RESTful API integration | Version control (Git) | Unit testing | Continuous integration/Continuous deployment (CI/CD) | Accessibility standards | Internationalization (i18n) | Progressive Web Apps (PWA) | Server-side rendering (SSR) | Code splitting | Error handling strategies | UX/UI principles | Agile methodology familiarity | Collaboration tools proficiency

PERSONALITY

- Introvert
- Goal Oriented
- Enthusiastic
- Kind Heart

INTEREST

- Sports
- Movies
- Songs
- Traveling
